● = standard ○ = option

Package shipment

The time required for internal shipping preparations is shown in days in the pictogram

Verification possible

Adjusting program CAL

For quick setting up of the balance's accuracy. External adjusting weight required

Memory

Balance memory capacity, e.g. for article data, weighing data, tare weights, PLU etc.

Data interface RS-232

To connect the balance to a printer, PC or network

Interface for second balance

For direct connection of a second balance

Rechargeable battery pack

Rechargeable set
